

# FRANCK BESSON "LE GRIOTTIER" JULIÉNAS 2022

Juliénas is, with Saint-Amour, the northernmost appellation among the 10 "Crus" of the Beaujolais wine region. Juliénas wines can be produced in 4 different villages covering 1,400 acres total. Legend says, that this village owes its name to Julius Caesar, vines being planted in the area since the roman time more than 2,000 years ago.

Franck Besson's estate is located in Jullié in the heart of the appellation Juliénas. Fully certified organic in 2013, his estate sees only organic fertilizer since more than 2 decades, and he is moving to biodynamic culture now. Franck is not one to follow the trend but instead creates his own, when he took over the estate in the 90's after his father in-law and decided to convert close to the entire production to sparkling wine made from the traditional Gamay grape and following the strict Méthode Traditionnelle.

The name "Le Griottier", which means "Sour cherry tree", have been given to this wine after the century old tree standing proud in the middle of the parcel that come in the production of this wine.
