

DOMAINE CHIROULET – FAMILLE FEZAS

“JAVA ROUGE”

CÔTES DE GASCOGNE IGP 2022

Gascony is one of the most picturesque wine regions with its medieval villages, temperate climate and distant views of the Pyrenees. Renown for its “Douceur de Vivre” (Sweetness of life), home of Foie Gras and Armagnac, its “Côtes” (hillsides) has been dedicated to wine since more than 2,000 years. Nestled in the highest elevated hillside of the “Ténarèze”, richest of all 3 Gascony Terroir, the Fezas family has been making wine since 150 years. Philippe Fezas, while carrying the tradition of distillation, devotes his energy to give birth to Terroir driven wines from the indigenous grapes Ugni Blanc or Colombard for the whites or Tannat and Cabernet Franc for the red and Rosé. The 110 acres of Chiroulet estate, which means in local dialect “The Whistling wind”, are mostly located on southern exposed hillsides or plateau made of limestone and fine clay. The combination of the exposure, the soil and a windy situation provide each year the perfect maturity and ideal health conditions. “Faire la Java” is a popular expression in France for *partying* and embraces perfectly the philosophy of this line that also includes a white and a rosé.
