## BOURGOGNE ALIGOTE "CUVEE DAVID" 2022

The Aligoté grape is the second white variety planted in Burgundy with only 6% of the vineyard. To mark this singularity a distinct appellation was created for it in 1937, AOP that can be produced throughout Burgundy, except in the Chablisien. This grape was widely planted before Phylloxera, records find some planting even in some Grand Cru sites, but lost in fame for the more expressive Chardonnay when time came to replant. The last few decades, with the arrival of a new generation more in search of the adequate Terroir-variety, is seeing a regain of fame for this variety anchored into Burgundy history, it is mostly appreciated for its approachable & subtle profile and ability to express the precise mineral character of each site.

The Guyots are one of the oldest families in Marsannay-la-Côte, the estate being handed from father to son since the 16<sup>th</sup> century. Also called the Golden door of the Côte-de-Nuits, Marsannay stretches from Fixin to the south and Dijon to the north.

Olivier since 1990, and now his two sons David & Thomas, oversees the 35 acres estate made of tiny plots all over the Côte-de-Nuits. In his quest of the best quality of grape he follows biodynamic cultivation methods, plough the soils with horses and harvest exclusively by hands. In the cellar it's hand off winemaking and the wine is bottled without filtration to preserve the sense of the place.
