

# DOMAINE ANDRE ET MIREILLE TISSOT, STEPHANE TISSOT ARBOIS DD 2023

The Jura, sub-Alpine mountain range located north of the Western Alp, gave its name to the Jurassic geologic period from which the Terroir is dated. 6 appellations are produced out of the 4,500 acres that represent the all region, but Arbois is covering nearly half of it with 2,100 acres. Even though just 80 miles east of the Côte de Beaune and west of the Valais, this region existed for centuries in splendid isolation allowing the preservation of indigenous grapes and distinct vinification methods still used nowadays.

Stéphane, who took over after his dad André in 1990 at the age of 19, is behind the dramatic resurgence of Jura wines over the last 2 decades. Certified organic since 1999 and biodynamic since 2004, he allows himself no limits in order to reach the apex of quality: high density of plantation, old "selection massale" or self-propagated heirloom varieties, no filtration for the reds, minimal or no addition of SO<sub>2</sub>, single-vineyard selections leading him to an offering of 30 wines. There is life and verticality in his wines and a lot of fascination in the glass!

## SOIL TYPE \_\_\_\_\_

9 acres single south-west facing plot made of limestone rockslide from the Bajocien era over a marl subsoil from the Trias.

## VARIETAL \_\_\_\_\_

40% Poulsard, 30% Trousseau, 30% Pinot Noir – 35 years-old-vines

## CULTURE \_\_\_\_\_

Vines farmed Biodynamically with no use of herbicides or phytosanitary products. Use of sulfites and copper as well as plant infusions. Organic compost made at the estate. Traditional working of the soil. Manual harvesting in cases. Strict sorting on a sorting table. Certified **organic** Ecocert and **Biodynamic** Demeter.

## VINIFICATION \_\_\_\_\_

Poulsard and Trousseau are manually destemmed. Whole cluster for the Pinot Noir. Maceration of all 3 varieties in century old wooden vats for 3 months with no addition of SO<sub>2</sub>. Wine made the same way than André (or DD), Stéphane's dad, would do following the ancient practices. Devatting in December after harvest, bottled in February 2024 with no addition of SO<sub>2</sub>.

## TASTING NOTES \_\_\_\_\_

"It is perfumed and attractive, with a distinct note of bitter almonds that makes it very attractive and made me go back to the glass over and over again to smell the wine. It is easy and pleasant, fine-boned, elegant, fresh and lovely, with contained ripeness and 13% alcohol, and it's very pleasant to drink."
