

# DOMAINE FABIEN TROSSET "TERRE D'ORIGINE" VIN DE SAVOIE MONDEUSE CRU ARBIN 2024

Jura - Savoie - Bugey

In 2011, following the death of his father, Fabien had to take over, at age 23, the 8 ha family estate, entirely sold to the cooperative at this time. With the help of his wife Chloé, a Beaujolais native who he met in Oenological school, they grew the estate to 18 ha, and converted it to organic certification.

Based on the spectacular South (Arbin) & South-West (Chignin) oriented hillside of "La Savoyarde", facing the Chartreuse & Mont-Blanc, the Terroir there culminate at 3,800 ft and offer steep slopes of Oxfordian marl, same than in Burgundy, covered by limestone marl rockslides.

Savoie have become the safe even for forgotten grapes and Fabien makes a point to preserve them with Jacquère, Altesse, Bergeron, Roussette, Mondeuse Blanche, Mondeuse Grise or even Petite Arvine.

Mondeuse noire is another of Savoie's own variety and is the sole variety used in the tiny 30h Arbin appellation. Its 250 ha only are planted exclusively in the four Alpines counties of France. With its light body and fresh character, it can be reminiscent of Pinot Noir & Gamay, though it's spicy and tannic backbone also makes it a great wine for Syrah lovers.
